The buddaheads have been rockin' since 1989, considered by many to be the best blues rock band out of Los Angeles. Formally on RCA records, the buddaheads now are independent and are able to focus on there music without the pressure of a major label breathing down there backs for a (commercial hit). Great musicianship, great vocals, and legendary guitar playing, along with our secret weapon great lyrics! You can't go wrong here! The title of this new cd is (REAL) real music for real people! if you like hard rockin' blues,you will love this cd!
