The description for the next one mega rarity on lysergia by "Blac Dog" says "Swamp fuzz rock, harmonica. Heavy southern rock boogie sound." I guess that sums it up and the by-line on the cover says "Louisiana's answer to punk rock". So there you have it folks, does that sell it to y'all. It does to me. This sole album "Backwoods Boogie" is an excellent piece of work. I love the harmonica and many of the songs are very addictive, especially "Iggi Diggi Di", which has the fantastic tongue-in-cheek line "Iggi Diggi Di, Iggi Diggi Do, drowned my baby in a pot of gumbo...". Fantastic. This is another album that has featured on robotsforronnies' wishlist for a very long time folks.
