and this in right up there with the best of the best.

Sit back and enjoy "The American Folk Blues Festivals 1962-1966 Vol. 1", featuring Willie Dixon, John Lee Hooker, Memphis Slim, Mississippi Fred McDowell, Big Mama Thornton, Muddy Waters and Howlin' Wolf some of the legends that gave us our favorite genre...BLUES! Each cue is dead on, with detailed liner-notes and a little history of their background and accomplishments. This DVD is proof that once and for all Blues...was then and is very much alive and well. Blues is still some of the best music around...gotta love it! - *By J. Lovins.*
