Axel Zwingenbergers first live solo album. All original compositions! Recorded in Munich, 1984/85

Upon the great success of this album, obliging many requests from his fans, Axel Zwingenberger released transcriptions of all 12 of his original compositions presented here. It became a world novelty: up to that date there had been just simplified scores of this style of music. Thus some of the tunes developed into standards. --- boogiewoogie.net
