Ruth Brown and LaVern Baker are the Rythm and Blues queens of Atlantic Records. And this CD proves that. While this doesn't have all their R'n'B hits on it, it has a lot of great music. Especially the hard to find duet with Ruth Brown and Clyde McPhatter "I Gotta Have You". Vintage, early 1950's rythm and blues music is very neglected and underappreciated music especially in the U.S. Although compared to much of it, Ruth Brown and Lavern Baker are more well known. I will recommend this CD to anyone who likes blues, r'n'b, or early rock'n'roll. I found the sound quality to be excellent,too. --- Bop Cat, amazon.com
