Black Cat Bone is a Southern Germany's best blues-rock group. The band formed in 1979 based around an excellent guitarist and singer, Hans McMinamin. Countless concerts in Germany and neighbouring European countries, in addition to their appearance at the Montreux Jazz Festival have proved that their reputation as an extraordinary live band is well-earned. A variety of Blues legends such as Katie Webster, Alvin Lee, Mick Taylor, Sidney "Guitar Crusher" Selby or Rick Derringer were so impressed by the band, they booked them to tour with them as support. "First, Second, Third ... Early Years" was initially issued for band's 20th Anniversary and compiled three early album of this group.
