Pascal Rosiak – accordion ZU – guitar, vocals

Les Blouzayeurs definitely do awaken the blues made in France, in the wake of Benoît Blue Boy and Bill Deraime... Dipped into a jar of Louisiana Zydeco, Pascal Rosiak shows us that the accordion is perfectly at ease in muddy waters, for the ZU compositions actually do make you want to hop all over the place. With that particular "zuwing" of their special french blues (the language of Bashung or Fauque or Bergman...). "Blues de là !" --- 1d-midipyrenees.com
