Edwards/Willie Hubbard/Luther Williams/Napoleon Cooper/Albert Pate... 17. Track-Lining Song - Allen Prothero 18. It Makes A Long Time Man Feel Bad - Kelly Pace/Charlie Porter/L.T. Edwards/Willie Hubbard/Luther Williams/Napoleon Cooper/Albert Pate... 19. O Lord, Don' 'Low Me To Beat 'Em - Willie Williams Recorded in the 1930's and 1940's. Editors: B.A. Botkin; Alan Lomax

A warning label should be put on this disc: FOR HISTORIAL PURPOSES ONLY. Alan Lomax's field recordings of African-American work songs are for ethnomusicologists and musical adventurers only. Few casual listeners will want to toss this disc on for pure listening pleasure. While tracing blues styles from these tunes is fascinating, it's not for everyone. For those interested, however, there is an excellent booklet with notes and lyrics. --- Tim Sheridan, allmusic.com
