This is absolutely what I have been seeking out for a very longtime, a non generic, meaningful and ballsy take on Southern American Music of the 20th century. I have listened from start to finish on repeat several times and I am far from getting tired of it, it's a real gem of a record and recommend this to all if you can't find something you like on this record then you may be dead, go see your doctor. --- Peace n Harmony, amazon.com

Miraculous Mule was formed in 2011, with Michael Sheehy on guitar, his brother Patrick on bass and their childhood friend Ian Burns on drums. Growing up in London to Irish Catholic parents, Michael and Patrick set out to make music, not fame and fortune, but music from the soul. Michael previously fronted cult band Dream City Film Club and released no fewer than five solo albums. As a band, their first release Deep Fried from 2013 met rave reviews, but now is the time for the eagerly-awaited follow up. --- moshville.co.uk
