This is an album from two master musicians with a top quality group of backing musicians. The content includes composers as diverse as Percy Mayfield, Chuck Berry, Hoagy Carmichael, Geoff and Amos themselves and even Chopin and Tchaikovsky.

Hard to believe that these are the same musicians who featured so strongly in the Jim Kwesin Jug Band and Paul Butterfield Blues Band, this is a great showcase of two outstanding performers and an album to play and enjoy over and over again. In fact, I'm doing just that right now as I am writing this review. ---W. Baker, amazon.com

Amos Garrett is a brilliant guitarist with a beautiful style that's completely his own. Besides all that he has a great baritone voice. On this CD all of this comes together in a brilliant cover of
