With a background in jazz and blues and honed by years of playing his fiddle for tourists, and possessing an energetic, entertaining versatility, especially after he switched to the electric violin and began working with rock bands, most notably the Jefferson Airplane/Jefferson Starship nexus, Papa John Creach was a one-of-a-kind entertainer and musician. This set combines two of his albums, 1972's *Filthy!* and 1974's *Playing My Fiddle for You*, in a single package. ---Steve Leggett, AllMusic Review
