This British import compilation of Peacock sides is a bit more comprehensive than the domestic Hound Dog anthology, including a few more tracks (22 in all, some previously unreleased). The MCA collection, more readily available for most North American consumers, should suffice for most listeners. If you come across this one first, though, it's certainly an equal or greater value, highlighted by "Hound Dog" and "I Smell a Rat" (both written by the Leiber-Stoller songwriting team in their early days). --- Richie Unterberger, allmusic.com
