Berklee Practice Method – Guitar (By Larry Baione)

PDF/MP3 - 176 Pages - 28.51 MB

Make your rock band better, or prepare yourself to join one! This sensational series lets you improve your intuitive sense of timing and improvisation, develop your technique and reading ability, and master your role in the groove. Play along with a Berklee faculty band on the accompanying CD, then play with your own band!

I borrowed this book when I first started playing. I needed something to break up the seemingly endless guitar techniques. This book was great for helping me focus on certain things and how they relate to the other techniques. The CD is great for timing and learning how to play with the band. –Nikki Heyward
