Visions fugitives, Op.22
10. 3. *Allegretto 1:15* 11. 6. *Con eleganza 0:26* 12. 9. *Allegretto tranquillo 1:03*

Although numerous CD incarnations of Sviatoslav Richter's Deutsche Grammophon recordings have graced the catalog, collectors surely will welcome this complete "original jacket" edition, programmed in accordance with the original LPs and newly remastered. These 1956-62 recordings capture Richter in his prime, and include performances that not only retain reference status (the Rachmaninov Second and Prokofiev Fifth concertos with Rowicki, selected Rachmaninov Preludes, Prokofiev's Eighth sonata, plus Schumann's Waldszenen and Toccata) but also belie Richter's often expressed aversion to studio recordings.

Granted, the Tchaikovsky First with Karajan and Beethoven Third with Sanderling are relatively staid in relation to alternative Richter studio versions on other labels. No complaints, however, regarding material stemming from the pianist's 1962 tour of Italy that contains long-held favorites among Richter fans such as the Chopin Fourth Ballade, the Scriabin Fifth sonata, Debussy's Estampes, and, for my money, the best recording ever made of Schumann's Op. 1 Abegg Variations--well, one of the two or three best, anyway! Consider this release a one-stop shop for those seeking a well-rounded survey of Richter's multifaceted, individual, and

occasionally idiosyncratic artistry. --Jed Distler, ClassicsToday.com

Dedicated fans of Sviatoslav Richter may already have the performances contained on these nine discs, but any listener unacquainted with the Russian pianist's work could not do better than to start here. Recorded between 1956 and 1962 and released on Deutsche Grammophon between 1957 and 1965, these performances were most Western listeners' first introduction to Richter. The range of repertoire is enormous: from Bach to Prokofiev, with stops along the way for Mozart, Beethoven, Debussy, Tchaikovsky, Rachmaninov, and especially Schumann. The range of emotions is equally vast: heroic and lyric, tender and passionate, sensual and cerebral, subtle and virtuosic. The most impressive aspect of Richter's performances, though, is neither the range nor the repertoire, but Richter himself. With his golden tone, coruscating technique, and inspired interpretations, Richter is not only faithful to the spirit of the music, but fulfills it through the medium of his supple, sensitive, and supremely poetic artistic personality. Richter's virtuosity is on display in his blistering account of Schumann's Toccata, his poetry in his lyrical reading of Chopin's Polonaise-Fantaisie, and his warm romanticism in his triumphant interpretation of Rachmaninov's Second Piano Concerto. Though the recordings are antique -- most are monaural and the rest are stereo -- Deutsche Grammophon's remastering makes them as acceptable as possible to listeners raised on digital sound. --- James Leonard, Rovi
