Philadelphia-native composer, arranger and pianist John di Martino is a versatile musician who is equally comfortable in the straight ahead jazz, Latin jazz and world music scenes. di Martino has released six well-received leader albums from the Japanese Venus Records, with different rhythm sections, under the moniker "Romantic Jazz Trio." This latest release is a fascinating project: *The Beatles In Jazz*. While many jazz musicians have recorded Lennon/McCartney songs in various styles of jazz, it is still rare to see an entire album of this concept, especially by a piano trio. It must have been a challenge, but di Martino more than succeeds and gives us a stunning performance after another. Di Martino tastefully expands the harmonic structures of these well-known melodies to add depths while respecting the melodic integrity. His choices of tempi and rhythmic treatments are varied and effective. Bassist Boris Kozlov and drummer Tim Horner provide sensitive and sensual support. The vivid and powerful sound is also a plus. You'll be amazed at how these familiar melodies are transformed into intelligent, elegant and soulful jazz! Recommended! --- eastwindimport.com
