"The music on Jamey Tate's debut album 'RoTATED' is clever and smart — just like the title and man himself. Jamey has assembled a terrific team of players and compositions, and he deserves high marks for his playing, producing and composing. I'm proud to have been his mentor, and delighted for all of his accomplishments and success. Bravo, Jamey." ---Peter Erskine

"Whenever I get a drummer's solo project, frankly, I'm skeptical. Usually, they are melodic science projects, with just enough compositional thought to form an excuse to solo. Jamey Tate's "RoTATED" not only defies that approach, but was a joy to revisit in multiple listens"... --- Russ Miller
