“Emergence” is Sue’s second album on Splash Point Records. This CD shows her engaging voice and warm trumpet sound to full advantage, as she takes you from swinging up-tempo jazz through thoughtful ballads to a sultry Cuban number. The recording features her gold-flower trumpet, especially made for Sue by award-winning Eclipse Trumpets, of whom Sue is a proud endorsee. The CD has 14 tracks featuring Sue's sublime trumpet/flugel playing and gorgeous voice. 12 songs are originals by Sue, influenced by her experiences in Havana and New Orleans. ---Editorial Reviews
