Rightly hailed as one of the finest acoustic guitarists in the Americas, the late Baden Powell remains a Brazilian icon, one who influenced jazz and was influenced by jazz. LEMBRANCAS is the last album he completed before his passing in 2000--Powell pays tribute to the spectrum of sounds in Brazil by performing the works of Brazilian composers. If you love acoustic guitar playing, you must hear this fellow.

Final album recorded in May 2000 by this great guitarist/composer and released after his untimely death at the end of the year. Powell handpicked great Brazilian standards for this session, such as 'Pastorinhas' (Noel Rosa), 'Inquietacao' (Ary Barroso), 'Dora' (Dorival Caymmi) and his own classic, 'O Astronauta', co-written with supreme poet Vinicius de Moraes. A great swan song for all Brazilian music fans and a great addition to this legendary artist's discography. ---cduniverse.com
