British singer, songwriter, and composer Sally Night followed her stunning Venus debut album, "Love For Sale," with a brand-new second album, "Ballads For You."

As the title suggests, it is a collection of beautiful ballads, 13 standards and two originals. Night is backed by supremely talented, first-rate New York-based musicians: Jon Davis on piano, Dezron Douglas on bass, Willie Jones III on drums and Romero Lubambo on guitar. The selections showcase her sophisticated singing technique and her personal style.
