This CD reissue brings back one of singer Mark Murphy's best all-round sessions. Most memorable are his renditions of Freddie Hubbard's "Red Clay" (here renamed "On the Red Clay"), "Body and Soul" and "Canteloupe Island." Joined by a fine rhythm section led by keyboardist Don Grolnick along with occasional contributions from altoist David Sanborn, tenor saxophonist Michael Brecker and trumpeter Randy Brecker, Murphy is heard throughout in prime form, constantly stretching himself. --- Scott Yanow, Rovi
