Scott Bradlee's Postmodern Jukebox is a genre-busting, rotating collective of musicians and vocalists that reimagines modern pop hits in the style of jazz, ragtime, and swing classics of the 1920s-1950s. As arranger and producer, Bradlee has assembled a multi-talented group of performers who rework versions of popular modern songs. The music videos of these collaborative covers have become viral sensations with millions of views on YouTube. An act that crosses all musical boundaries and generations, Postmodern Jukebox has developed a niche all its own, and performs a live show unlike any other – a must-see for anyone who loves jaw-dropping live performances. ---axs.com
