OK, it is that time again and smooth jazz artists everywhere are clamoring to release albums of Christmas music. This infatuation that contemporary jazz has with the festive season is nothing new but it is still good to see top-notch performers such as Smooth Jazz Therapy favorite Vincent Ingala getting into the holiday spirit. His aptly titled 'Christmas' is out now and not only does it feature guest artists such as Steve Oliver and Ariana Savalas (daughter of Telly Savalas and featured vocalist of Postmodern Jukebox) but also is replete with Ingala's fine playing. A case in point is the 'The Most Wonderful Time Of The Year' that says everything about why we love Christmas. --- smoothjazztherapy.typepad.com
