Romantic Jazz [2CDs] (2008)

I play this CD over and over and I always feel like I am out at a late night elegant club. This jazz is truly relaxing and stands up to repeated playings -- a classic. Even worked in the car on a road trip with my family. I'd just turn it on softly and we'd all get along. That was survival, but this whole series calms me down after a stressful day at work, etc. Sheer beauty. --- Anonymous "Anonymous", amazon.com
