This compilation album reunites on one CD all the greatest boleros from the "Romances" series (six albums, starting with 1989's Romance and ending with 2001's Mis Romances). After four albums in which Luis Miguel recreated the classic tunes from the genre, this album is supposed to close this era. Some of the greatest hits in Spanish, in any genre, are included here, like "No Sé Tú," "Somos Novios," "El Día Que me Quieras," and "Solamente una Vez."

There's only one new song: the bonus track "Hasta Que Vuelvas." The first edition included a bonus DVD with seven videos. For any die-hard fan, this is the only reason to buy this album. If you don't have any of the "Romances" series' boleros, and you are looking for classic songs and good vocal performances, then this is the right album for you. ---Iván Adaime, Rovi
