This is the CD reissue of the third album released by Barão Vermelho in 1984. Still a rock/blues band, they soon would cross the border of pop, becoming a mainstream band. It didn't happen with the first album, but the second caught the attention of Ney Matogrosso who recorded their "Pro Dia Nascer Feliz," and this one was the popular consecration. Includes the hits "Maior Abandonado" and "Bete Balanço" (theme of the homonymous movie). Good rock grip under the "rebellious" concept. ---Alvaro Nedel, Rovi
