Marie Mai - M (2014)

01. A bout portant 02. Transparent 03. Tourner 04. Ne m'ecoute pas (Feat Boogat) 05. Donne 06. Indivisible 07. Conscience 08. Lourd 09. Rien a perdre 10. Jamais trop tard (Feat Jonas) 11. Aimer comme toi 12. On change

With "M", her fifth studio album, Marie-Mai will cement her status as the undisputed queen of French pop! "Jamais trop tard", the first single off her upcoming record was an immediate hit across Quebec, and if her 4 platinum albums are any indication, "M" will be blasting from speakers all summer. --- archambault.ca

The new album is simply called M. This is energetic rock with a difference. Rather than the power coming exclusively from revved up electric guitars, the force comes from the majestic vocals, as muscular as Charles Hamelin's thighs! The music follows the ice conduit cool of acts like Pat Benatar, Survivor, and Simple Plan, but lighting up the tracks colourfully are meticulous electronic touch ups that make the whole package sound very fresh and addictive. While Marie-Mai's last album Miroir gave us a little bit of everything, there is more cohesion on M. At the same time, enough variety of moods exist to keep us transfixed throughout the disc. Guests on the album include Boogat and Jonas. Given the quality of the work, we would not be surprised if this became Marie-Mai's first multiplatinum album. --- musiccanada.wordpress.com
