For as long as I can remember, this CD has been considered the # 1 Polish Christmas CD, and it still is.

The two most popular Polish folk singing groups, Mazowsze and Śląsk, lend their voices to traditional Polish Koledy (Carols), with beautiful orchestration, echoing the rhythms of the Polonaise, Mazur, Kujawiak, and Krakowiak, Poland's national dances.

Of course, both Mazowsze and Śląsk have since released other Christmas albums, including Mazowsze's new "Koledy Polskie" (a re-issue of their rare Koledy i Pastoralki CD), which is a bit more folksy than the orchestral CD listed here, but if you are experiencing Polish Carols for the first time, this is the CD to go with.

Polish Koledy first appeared in the 15th century. A large number of them were written during the Baroque period, and by the 17th century, the number of Polish Carols was immense, with a greater variety than any other country.

Polish composers and folk writers were not concerned that Bethlehem was nothing like the snowy mountain region of Zakopane, or that the shepherds did not have Polish names, but those are the images that these songs evoke. Koledy (carols) are an integral part of Polish heritage. ---Dejah Thoris, amazon.com
