Sound: This album is by far the best Bryan Adams album of all times. It's basically a greatest hits album. Some of the songs on this album are live and those songs are just unbelievable. I wasn't a big Bryan Adams fan until I got this CD and said hey I know that song or hey that song is totally awesome. These songs aren't very hard to play on guitar and almost everybody knows them. They make great campfire songs you can't go wrong with this album it cuts like a knife.

Lyrics: The lyrics are great just as another Bryan Adams CD is. What really impresses me is how the music blends with the actual music it's a master piece and the harmony in the song When You're Gone is so perfect that it sounds like one person. The singing skill that Bryan Adams has acquired is really amazing it's hard to sing all raspy like that. When I took vocal lessons they told me not to sing like that because it was bad for my vocal cords so now I can't, but Bryan Adams and Bon Jovi have taken this to a whole new level singing wise with this CD you can't go wrong.

Overall Impression: My overall impression of this CD is great. Some songs I would recommend is Cuts Like A Knife, When You're Gone, Summer Of '69 and One A Day Like Today those three songs show the best of Bryan Adams and his song writing ability. There are some songs that aren't as good as the rest but hey all your hits can't be great. All I have to say is that if you get a chance to buy this album get it you won't be sorry I wouldn't write this review so great if I didn't truly believe it when I don't like something I'll say it look at my review on the Washburn WV16. ---ultimate-guitar.com

Polecam ten album z czystym sumieniem. Jest to zestawienie najlepszych utworów w dotychczasowej karierze Bryana Adamsa. Wielką zaletą jest fakt, iż w zestawieniu znalazły się utwory bardzo różnorodne. Można zatem posłuchać piosenek bardziej nastrojowych, gdzie charakterystyczny głos wokalisty kontrastuje z delikatnym brzmieniem, jak również utworów dynamicznych, jak dla mnie - idealnych do podróży samochodem :) Doskonale słyszeć jak przez lata kariery muzyka Bryana Adamsa delikatnie zmieniała brzmienie. Nie można tu mówić o rewolucyjnych skokach stylistycznych, a raczej o zataczaniu kręgów. Według wielu krytyków jest to błąd, ale według mnie i milionów wiernych fanów jest wręcz odwrotnie. W każdym utworze to barwa głosu artysty, bardzo rzadka zresztą, wiedzie prym. Linie melodyczne są tak skonstruowane, że nic nie zakłóca pięknego męskiego wokalu. Niezwykłym atutem w muzyce Adamsa jest wykorzystywanie żywych instrumentów tzn. nie opieranie się wyłącznie na elektronice. Album będzie idealny zarówno dla wiernych fanów artysty jak również dla osób, które jeszcze go nie znają. Polecam!!! ---empik.com
