If the one-disc All-Time Greatest Hits leaves you panting for more, but the three-disc box set Just for You proves that one can, in fact, get enough of Barry White's love, well, then the two-disc Ultimate Collection is the anthology for you. An entire slow-jams industry has been erected in White's wake, but no one has done it better. Call it "funkzac"--an inimitable fusion of lush strings and suave brass dancing on a bed of funk and disco rhythms, with the manly maestro mixed prominently atop his seduction soundscapes. Ultimate Collection serves up enough cherry Barry to produce another baby boom. --W.C. Sweeney, amazon.com
