Before she releases her debut album "My Garden" in 2014, Kat Dahlia decides to plants some "Seeds" with her new 6-track mixtape. It dropped on Thursday, November 21st, 2013. Kat Dahlia's future brightens with every new release, and Seeds certainly isn't an exception. It's a fitting addition to a solid catalogue that Kat Dahlia has been developing since stepping foot in the game. We're excited to hear more. ---hotnewhiphop.com
