16. *Hound Dog (Live)*

17. *Stand By Me*

[play](#)

18. *Here We Go Again*

Much grander than the single-disc *Power to the People* but not nearly as lavish as the 11-disc *Signature Box*, the four-disc *Gimme Some Truth* is the middle ground of Apple/EMI's 2010 John Lennon reissue series: a collection of four thematic collections offered at a reasonable price. Breaking any artist's work into themes is tricky, but the topics here are broad enough to give the compilers some wiggle room: *Working Class Hero* contains Lennon's protest songs, *Woman* his songs of love and women ("Mother" and "My Mummy's Dead" don't quite qualify as romantic tunes, after all), *Borrowed Time* features songs about "life," and his rock & roll numbers are presented on a disc called *Roots*, oddly sharing its title with the controversial original unofficial release of *Rock 'n' Roll* (indeed, this *Roots* disc winds up containing the entirety of *Rock 'n' Roll*). Some of the selected songs may not quite fit the themes but the 72 cuts here contain much of Lennon's solo best, making this a good thorough overview for those who need more than the hits but don't want to invest in full albums. It's at a very nice price point, too. ---Stephen Thomas Erlewine, AllMusic Review
