Disc Two (Live From Shanghai Disc) 01
01 *One Step Closer* 02 *Lying From You* 03 *Somewhere I Belong* 04 *No More Sorrow* 05 *Papercut*

"The biggest misconception about us is that we're just a rock band," describes Linkin Park's guitarist Brad Delson. "We think our music is a cross-section of many genres; a hybrid of what the six of us have grown up on." The title of the band's debut album and its original band name, Hybrid Theory, describes both the six-piece's artistic goals and its approach to making music. Linkin Park's sound, a melting pot of heavy alternative rock, hip-hop, and electronic flourishes, is utterly their own, an accomplishment strengthened by the band's remarkably powerful, organic songwriting. But almost everything about Linkin Park has been unforced, including their Southern California origins. ---linkinparkweb.yaia.com
