LP Underground X: Demos is the eleventh CD released by Linkin Park to their fanclub, the LP Underground. It was released on November 17, 2010 to coincide with the release of LPU 10. The album contains ten demos, ranging from the Xero days to the early A Thousand Suns sessions.

A few months before the release of LP Underground X: Demos, Linkin Park released A Decade Underground, which was a compilation CD that included everything from Songs From The Underground, as well as "Across The Line" and "Pretend To Be", the latter of which was included again on LP Underground X: Demos.
