Just 'Cos You Got the Power 17 Going to Brazil 18 Killed by Death 19 Band introductions
20 Ace of Spades Line-Up: Lemmy
(Ian Kilmister) – Bass guitar, lead vocals Brian Robertson – Electric guitar Phil Taylor –
Drums

Bloodstock Open Air is a heavy metal festival held annually at Catton Hall in Walton-upon-Trent, England, since 2005. Previous line-ups have included bands such as Opeth (2008/2010), Children of Bodom (2005/2010), Nightwish (2008), Cradle of Filth (2009), Testament (2007), Arch Enemy (2007/2009), Europe (2009) and Twisted Sister (2010).

Bloodstock Open Air was conceived as an extension of the original Bloodstock indoor festival which ran from 2001 until 2006 at Derby Assembly Rooms.

After an amicable parting in 2006 with his business partner Vince Brotheridge, in 2007 Paul Gregory bought his daughters Vicky and Rachael on board as directors. “It was an obvious move for me,” he explained, “as both had been working on the festival from its inception. They have brought their talents to the fore as the festival’s continued growth is very much due to their commitment.”

Motörhead are an English rock band formed in 1975 by bassist, singer and songwriter Ian Fraser Kilmister, known mainly by his stage name Lemmy, who has remained the sole constant member. The band is often considered a precursor to or one of the earliest members of the New Wave of British Heavy Metal, which re-energised heavy metal in the late 1970s and early 1980s. Usually a power trio, Motörhead had particular success in the early 1980s with several successful singles in the UK Top 40 chart. The albums *Overkill*, *Bomber*, *Ace of Spades*, and particularly *No Sleep 'til Hammersmith*, cemented Motörhead's reputation as one of Britain's foremost rock bands.

Motörhead are typically classified as heavy metal, and their fusion of punk rock into the genre helped to pioneer speed metal and thrash metal. Motörhead's approach has remained the same over the band's career, preferring to play what they enjoy and do best; their appreciation of early rock and roll is reflected in some of their occasional cover songs. Motörhead's lyrics typically cover such topics as war, good versus evil, abuse of power, promiscuous sex, substance abuse, and, most famously, gambling. The name "Motörhead" is a reference to users of the drug amphetamine. The band's distinctive fanged-face logo, with its oversized boar's horns, chains, and spikes, was created by artist Joe Petagno in 1977 for the cover of the Motörhead album and has appeared in many variations on covers of ensuing albums. The fanged face has been referred to variously as "War-Pig" and "Snaggletooth". The band is ranked number 26 on VH1's 100 Greatest Artists of Hard Rock.

Motörhead - brytyjska grupa muzyczna powstała w 1975 roku z inicjatywy basisty i wokalisty Iana "Lemmy'ego" Kilmistera, który pozostaje jedynym stałym członkiem grupy. Grupa odniosła sukces komercyjny w latach 80 XX wieku, natomiast jej albumy *Overkill*, *Bomber* oraz *Ace of Spades* stały się inspiracją dla wielu wykonawców z nurtu heavy metal. Kilmister mimo kategoryzacji w gatunkach thrash i speed metal na którego rozwój wywarł wpływ określa muzykę Motörhead jako rock n' roll. Grupa w swej twórczości porusza takie zagadnienia jak wojna, zło, dobro, seks czy uzależnienia, ponadto posiada charakterystyczne logo o nazwie Snaggletooth, którego autorem jest artysta Joe Petagno.
