Rammstein - The Best Of (2008)

*01 Du Hast 02 Engel 03 Sechsucht 04 Du Riechst So Gut 05 Rammstein 06 Links 2 3 4
07 Sonne 08 Ich Will 09 Feuer Frei! 10 Mutter 11 Los 12 Amerika 13 Moskau 14 Ohne Dich
15 Benzin 16 Mann Gegen Mann 17 Rosenrot 18 Mein Teil / You Are What You Eat Edit
(Remix By Pet Shop Boys) 19 Stripped*

Rammstein is a powerful German dance/industrial-metal music band. They describe themselves as "tanzmetal", meaning dance/metal. This is very true, but a little misleading. Since dance is only a small element of their work.

Rammstein was formed in 1993 by an assembly of factory-weary proletarians raised in East Germany. They took their name (adding an "m") from the location of a German tragedy where 80 people were hurt and killed as the result of a crash during an American Air Force flight show. The literal translation of "ram stein" is a battering ram made of stone.

Word of Rammstein's horror romanticist blend of theatre and music spread like wildfire. Till Lindemann would sing entire songs engulfed in flame from head to toe. The band's first album, Herzeleid (or Heartache), built on the grounds created by the band's live reputation. Scaling the German charts (and remaining there until the release of the second Rammstein LP some two years later), the album also introduced the band to the world outside of the Germany/Switzerland/Austria region. As Rammstein's second album, Sehnsucht (Longing), was released, the band was headlining throughout Europe to crowds of 10,000 to 30,000 people. Sehnsucht entered the German charts at number one immediately upon its release, and came very close to doing to the same in Austria and Switzerland.

Within weeks, entries on other countries' charts had Sehnsucht rubbing elbows with Prodigy, Radiohead, and the Rolling Stones on Billboard's cumulative Eurochart. From there the fever spread, transcending any perceived language barrier. Somehow, the German language is integral to the Rammstein sound. ---rammsteinweb.yaia.com
