### Sticky Boys - Calling The Devil (2017)

1 *In Confidence* 2 *Better days* 3 *Good Morning Sunshine* 4 *Tough Machine* 5 *The Lonely Tree* 6 *The Vision* 7 *An Afternoon In The Park* 8 *Ready To Go* 9 *The Dog Is Going Out* 10 *Real People* 11 *Calling The Devil* 12 *Drifting Away* 13 *She Won't Let Me In* 14 *Elvis 666* Alex Kourelis - Guitars, Vocals J.-B. Chesnot - Bass, Vocals Tom Bulot - Drums, Vocals

The French rock band with a silly name Sticky Boys are now back with their 3rd full-length album *Calling The Devil*. It comes as a follow-up to 2012 *This Is Rock 'n' Roll* and 2014's *Make Art*.

Elusive as always, this crazy French trio offers here 14 songs, for 45 minutes of pure and honest rock. Some would call it hard rock, punk rock, rock 'n' roll, sleaze rock, glam rock, stoner rock or just rock – whatever you do it fits the description of their sound.

On *Calling The Devil* Sticky Boys reinvents themselves whilst sticking to their guns. Some of the punchiest and roughest songs of their career are to be found on this new record. They also show, rather unexcitingly, an expressive side, thanks to delicate and almost ethereal tunes.

Their sound is never too complicated and complex, but always with a catchy accent. It is energetic from start to end and it is delivered with passion and humor. The only complain I have is a lack of variety on this album, as it seems like we've heard most of it on the previous two albums.

Sticky Boys sound like a band that still has plenty to give and with Calling The Devil they just showed that and convinced the most critics. Esp. recommended for fans of Ramones, Iggy Pop, The Clash, The Pogues, AC/DC, Airbourne, Steel Panther, and similar giants.
