iLivid movie downloader

iLivid Features: Watch video within seconds after download Supports Rapidshare, Megaupload, Hotfile & more Supports multi-volume Rar links Full support for non-paying and premium users

iLivid is a download manager with a bunch of powerful features that makes it the fastest and easiest way to download hosted files.

Only with iLivid download manager you can instantly watch video files from One-Click file sharing hosts like Rapidshare.com, Megaupload.com, Hotfile.com & many more, without waiting until the download completes. iLivid not only supports users with a premium account but also users who don't pay.

iLivid download manager includes a link checker and a link grabber, and bundles vlc player for instant playback of video links.
