Tonky de la Peña founded this group in Madrid in the early 80s, building a strong reputation each night in blues clubs. The Tonky Blues Band is considered the pioneer blues outfit in Spain. "Night Time" features a very strong Chicago vibe and Tonky's guitar work is absolutely exceptional. In addition, Tonky has been accompanying major international musicians such as Jerry Lee Lewis, Mick Taylor, John Mayall & The Blues Breakers and Buddy Miles (Rolling Stones, Jimmy Hendrix Band of Gypsies, Carlos Santana). Tonky de la Peña continues to participate in various projects appearing regularly at festivals and meetings of international Blues. If you get a chance to see him - do so! ---dwmmusic.com
