11. *Country home* (3:12)
12. *And it is* (3:58)
13. *Jacquis house bonus track* (1:56)

Texas Slim could easily be the reincarnation of a past, soulful singer/guitar-slinger who has returned to carve out another niche in music history. In addition to making his own records with Texas Slim and the Gems and The Texas Slim Blues Band, Slim has record and toured with Cold Blue Steel, Randy McAllister, FOAMY (with members of the New Bohemians), and Freddie King's daughter Wanda King. On his new release Texas is backed by producer/drummer Aaron Comess, pianists Andy Comess and Pat Daughery.

Texas Slim lays down authentic Texas Blues gristle that gets right to the heart; always rockin', but also soulful, and sometimes sweet. The sassy guitar work that slides off his fingers has "Texas" written all over it. Most guitar players just dream of being half this good.
