Since forming in 2003, The Mike Elrington Band have shown constant promise as one of the most exciting Blues/Rock power trio's on the Australian scene.

Combining the passionate & raw elements of electric blues and the explosive elements of gutsy, gritty, groove-driven, jam-band rock, The Mike Elrington Band present a fresh new sound incorporating innovative, life-inspired song-writing and a blistering and definitive live show.

Over the last ten years since releasing the critically acclaimed "Too Good To Be True" album, the band have cut their teeth playing blues clubs & festivals throughout Australia, the United States & Canada. The two self-managed trips to North America saw them grace stages to rave reviews in some of America's most prestigious clubs such as Biscuit's & Blues in San Francisco, the Cat Club in Hollywood & Sullivan Hall, New York City.

"Blistering and passionate guitar playing, a red-hot rhythm section and an absolutely jaw-dropping live show. One of the most exciting acts to come out of Australia in years!" --- Ed Ivey, bluesatthebriars.com
