Classic sound of dual tone electric guitars riffs, big balls bass, cracking drums, steel rail slide and gutsy blues harmonica. Songs based on traditional twelve bar rock and blues, percussive rhythms and stomps that showcase tales of travel and trouble, cars, money, mysterious women and on the road band adventures. Soulful harmony vocals and catchy lyrics compliment the bands edgy blues sound. Bluesville Station band, refreshing, upbeat, original and pumping, well done fellas just keep on rollin'. ---cdbaby.com
