Blindside Blues Band – Blindsided (1994)

1. *Play the Blues* 2. *Borderline Blues* 3. *Talkin' 'Bout My Baby* 4. *Truth Never Lies* 5. *Climb the Sky* 6. *Higher Ground* 7. *Long Hard Road* 8. *Whole Lotta Nothin'* 9. *Guilty* 10. *Catchin' Z's* Musicians: Michael Onesko (guitar, vocals), Scotty J. (guitar), Greg Chaisson (bass), Jeff Martin (drums).

A rather versatile group, I hear many influences in their style. High energy blues-rock similar to Robin Trower/Outlaws/Lynyrd Skynyrd, Texas Blues similar to Stevie Ray Vaughn/ZZ Top and smooth, English Blues ala Clapton. This CD has immediate appeal upon first listen. This is high quality and very high energy stuff much better than the average blues "bar" band offerings that I run across so often. The only negative is that the high energy wall-of-sound begins to takeover towards the end of the disc and it would have been nice to have some slower numbers in the mix for counterbalance. I highly recommend this CD. --- Music Buff, amazon.com
