A 25-track single-disc compilation loaded with previously unissued sides and alternate takes (the title track is an interesting variant of his hit, "Baby, Scratch My Back"), making it the perfect companion volume to *Hip Shakin'*. This also has the added bonus of more (and even wilder) live recordings from the infamous 1961 frat party dance in Alabama. Dodgy sound on the live sides, but performances too great to leave in the can either way.---All Music Guide
