In 1969, ZZ Top got its start in Houston, Texas. The original ZZ Top members include Billy Gibbons on vocals and guitar; Dusty Hill on vocals and bass; and Frank Beard rocking out on the drums. The original band members have performed for more than 40 years, which is a distinct accomplishment for rock bands. ZZ Top Gets Its Start

The remnants of two Houston area garage bands -- Moving Sidewalks (Billy Gibbons) and American Blues (Frank Beard and Dusty Hill) -- formed the band. They began to get significant attention with the release of their third album in 1973, which is called Tres Hombres. The blues-based, guitar-driven boogie beat made them distinctive, as did their signature sunglasses, long beards, and flashy outfits.

While many Southern Rock bands who had thrived in the '70s were fading in the '80s, ZZ Top remained popular by working synthesizers and other electronic enhancements to their sound to keep pace with a changing audience. Nonetheless, the self-styled "Little Ol' Band From Texas" stayed true to its blues roots and Tex-Mex themes.

In 1983, the band released *Eliminator*, which was their top-selling album. In fact, it sold more than 10 million copies in the United States. The Recording Industry Association of America says ZZ Top is one of the top-selling artists in America. By 2014, they had sold more than 50 million albums. As of 2016, the band had released 11 gold, seven platinum, and three multi-platinum records.

Beard, Gibbons, and Hill also continue to write the vast majority of their songs, as they have throughout their career. The group continues to tour and record. ---Dave White, thoughtco.com

Amerykańskie trio hard rockowe, założone w 1969 roku, aktywne do dziś. Przez 40 lat działalności nie zaszła w nim ani jedna zmiana personalna. Członkowie zespołu to wokalista Billy Gibbons, basista Dusty Hill oraz perkusista Frank Beard. Największe sukcesy grupa odnosiła w latach osiemdziesiątych, zespół zdobył serca fanów dynamicznymi piosenkami, ozdobionymi charakterystycznymi, szybkimi gitarowymi riffami, a także dzięki niepowtarzalnemu wizerunkowi scenicznemu. Gibbons i Hill zapanowali długie brody, ubierali się w obszerne koszule, workowate spodnie, kapelusze golfowe i okulary przeciwsłoneczne. Ten specyficzny wygląd przyniósł zespołowi rolę w filmie "Powrót do przeszłości 3", gdzie muzycy pojawiły się jako kapela grająca na małomiasteczkowej zabawie na Dzikim Zachodzie. Nie potrzebowali żadnej charakteryzacji. Do największych przebojów zespołu należą takie utwory, jak "La Grange", "Gimme All Your Lovin", "Rough Boy" czy "Viva Las Vegas". W roku 2004 grupa została wprowadzona do Rock And Roll Hall Of Fame. ---filmweb.pl
