Johnny "Guitar" Watson - Guitar, Vocals

This 1964 album (same as *I Cried for You*) displays an entirely different facet of the multitalented R&B star's musical personality. Here he's an accomplished jazz pianist in a trio setting, giving old standards like "Witchcraft" and "Misty" his own vocal twist. Lowell Fulson's "Reconsider Baby" is the only blues number on the LP. --- Bill Dahl, Rovi
